SUMMARY

BYU-Idaho Computer Science student experienced in meeting A/V setup, Windows and streaming troubleshooting, ticket scanner support, user instruction, and equipment tracking. Prepared technology for presenters and resolved device issues during live meetings and busy events.

EDUCATION

Brigham Young University - Idaho

Currently enrolled | Major: Computer Science | Minor: AI Engineering

RELEVANT EXPERIENCE

Mission Office Administration - Peru Lima Central Mission

Volunteer missionary service: September 2024-August 2026 | Office assignments: approximately 6 months

- Set up and checked equipment for large meetings using multiple cameras, microphones, projectors, screen sharing, and cable connections; prepared systems for presenters to use.
- Troubleshot projector, camera, and streaming problems before and during meetings, adjusting software and Windows settings to resolve issues.
- Managed weekly mission Zoom calls and coordinated online meetings with Area specialists.
- Taught missionaries to use and adjust equipment, including microphones, and guided them through resolving mobile phone issues.
- Tracked missionary mobile devices and office and mission supplies; documented technical issues and guidance for Peruvian religious visa applications.
- Served as Office Supervisor and Executive Secretary, coordinating schedules, communications, and sensitive records and responding to urgent calls.

Money Runner and Ticket Operations Staff - Eastern Idaho State Fair

Blackfoot, Idaho | August-September 2024; September 2026

- Restored ticket scanners by restarting devices, changing settings, and performing resets while continuing to assist customers.
- Helped resolve recurring internet connectivity problems during ticket operations; distributed cash to booths and assisted with ticket sales and parking.

Shift Lead - Blackfoot Movie Mill

Blackfoot, Idaho | June-August 2023

- Directed team members, resolved customer concerns, tracked supplies, and led closing procedures, including counting cash and calculating profits.

TECHNICAL & COMMUNICATION SKILLS

Windows settings and driver installation; A/V troubleshooting; microphone and monitor setup; Zoom and screen sharing; user instruction; inventory tracking. Familiar with computer components, ports, and connectors. Spanish: B2 CEFR (certified).

LEADERSHIP & ACHIEVEMENTS

Business Professionals of America | Member, 2021-2024; Chapter President for two years. Helped lead a 3D animation team; competed at nationals two consecutive years, with the team earning sixth place nationally.
